

Assistant Installation Engineer (Minimum 6 month contract)

Location: Frimley, Surrey (South of England)

Job type: Fixed term with potential for permanency, full-time

The Role

Due to continued success and a growing network of stores, a new and exciting opportunity exists with Fitness Superstore. We are looking to recruit an Installation Team based in the South of the country in response to growing demand for this service.

Based at our long established store in Frimley, Surrey this position involves sharing early morning driving to customer properties, and occasionally some commercial premises throughout the South of England to install fitness training and gym equipment. The products to be installed include multi-gyms, treadmills, crosstrainers, exercise bikes etc. There may also be an element of some service visits.

The ideal candidates must be physically fit and healthy as heavy lifting is required. The successful candidates will also need to be in possession of a full UK driving licence and be of smart/clean appearance as they will be interacting with customers at every installation.

Previous experience would be advantageous although full training will be provided for the successful candidates. The role is on a 6 month fixed term basis with a strong chance of extending to permanency. This role reports to the Installations Manager and interviews will be held in Frimley, Surrey.

The Package

Pay is weekly. The Assistant Installer position will earn **£335** for 45hrs per week plus paid overtime if required.

Other benefits:

- A staff discount scheme is currently in operation.
- On some occasions the installation teams may receive tips from customers which they are free to keep.
- Holiday entitlement is 20 days per annum.

How to Apply

Please email your completed application form with your CV to [Steve Dron](#).

About Fitness Superstore

Now in its 20th year, **Fitness Superstore** is a successful retail & distribution business, selling through nationwide stores, telephone, catalogue and website; annual turnover is in excess of £26m.

It is a destination store business where customers travel to see and try a huge range of fitness equipment under one roof in large impressive showrooms (the largest in the UK).

As an industry leading specialist they pride themselves on giving excellent advice, meeting every customer's needs and exceeding their expectations.
